experience

Senior Front-End Developer • Artlist LTD

Dec 2015 – Present

- Built the first version of artlist.io from scratch using jQuery, directly enabling the company's growth into a multi-million dollar creative assets platform
- Led the full front-end migration from legacy jQuery to Next.js, resulting in significantly faster page loads, improved SEO, and a modern developer experience

Full-Stack Developer • Freelance

Feb 2013 – Dec 2015

- Delivered 50+ client projects spanning websites and web apps for clients across 15+ countries
- Built custom solutions using React, TypeScript, GraphQL, and Styled Components, consistently earning 5-star reviews

solo_builds
